NOTES

School started on August 31st. Please be sure to watch out for the children now that we have more of them walking around during the day.

Thank you for your patience with the final paving to be completed where the sewer lines have been replaced. Due to weather delays on other projects, Metro Paving has gotten behind. We hope that the project will be complete by the long weekend.

UPCOMING EVENTS IN THE VILLAGE

These are all community groups that run on “Volunteer Power”. A lot happens in our small community because of these dedicated people. If you are interested in joining any of these groups, just call the Village office and we will point you in the right direction.

NEW RECYCLING OPTIONS

There are two new bins at our recycling location. We will now accept tin cans in one and hard plastics in the other. Please be sure to rinse your food items so that we don't have bug problems. There is a list of the recyclable plastics on the bin. Please make sure that you follow the rules as indicated on the bins.
